

Side 15

SCANLON. What's it say?

CHESWICK. McMurphy, Randle Patrick. Post operative. Prefrontal lobotomy.

SCANLON. So they done it.

CHESWICK. That ain't McMurphy.

SCANLON. No?

CHESWICK. Some dummy they rigged up.

SCANLON. Think so?

CHESWICK. Factory made.

MARTINI. I bet he's right.

SCANLON. They done a pretty fair job, though. See? Even the busted nose.

CHESWICK. They can do noses.

MARTINI. Look, its eyes is open!

CHESWICK. All smoked up.

SCANLON. Nobody inside.

CHESWICK. How stupid does that old bitch think we are?

MARTINI. Gee, I wish McMurphy would come back.

CHESWICK. Hey, remember the time he pinched Miss Ratched on the ass and said he was just trying to stay in touch?

SCANLON. And them things he'd write in the Log Book. "Madam, do you wear a B cup or a C cup or any ol' cup at all?"

CHESWICK. D'you remember the time that little nurse-

SCANLON. The one that wears a cross!

CHESWICK. She dropped a pill down the front of her uniform and McMurphy tries to help her get it out, and she hollers-

MARTINI. (Falsetto.) "Don't touch me, I'm a Catholic!"

(They all whoop with laughter.)
